My staff and I have endeavored year-in and year-out to expand the 8th Council District Resource Guide that is used by the residents of the Great Eighth! I hope that you will find the information in this guide useful and I further hope that it will grant you easier access not only to my office but also to the City of Los Angeles. Over the years it has been my honor to work with so many of the fine programs, schools, churches, organizations and services that are available to you in the great City of Los Angeles. It is my pleasure to provide this to you.

Respectfully,

A handwritten signature in black ink that reads "Bernard C. Parks". The signature is written in a cursive, flowing style.

READY LA

EMERGENCY KIT WORKSHEET

When checking off the items on your list, think about the number of people in your family, or any others who will be using the kit. For example, if you have four family members, you will need 4x the amount as you would need for one person, regarding items such as food, water, blankets, etc. The number of some items needed will not change, however.

As you begin stocking your kit, keep the worksheet handy as a reminder about replenishing perishable items such as food, water, batteries, etc. from time to time. Now is the time to do it... while everything is calm and you are thinking clearly.

If you prefer, visit the Red Cross link below and purchase an Emergency Supply Kit, as well as additional supplies, online.
